**TO BE SHARED FREELY WITH EVERY HUMAN BEING
WHO WANTS TO OPPOSE GLOBAL GOVERNMENT**

If somebody would ask me what the New World Order was, this would be my answer:

"A global centralized technocratic government based on corporatism where an unelected oligarchy controls humanity through corporations and a private banking system. This global elite is able through local and national governments to regulate and control every aspect of the individual's life, in complete violation of the concept of natural rights as expressed in the Bill of Rights and US Declaration of Independence. The New World Order is the antithesis of freedom."

Here are some of my humble ideas which I hope can help us to fight against this global tyranny. Please feel free to share this document and to contact me if you have any suggestions for strategies and ideas to stop these evil individuals in their goal to enslave humanity.

Gianluca Zanna
zanna@zanna.us

1) Admit that the New World Order is Real.

How can you fight and defeat something that you do not acknowledge? Former president George H Bush has mentioned it just over 100 times as have so many other world leaders from Clinton to Obama, from Kissinger to Tony Blair. If you believe that this is a conspiracy, please take the time to read this document so you can make an informed decision.

2) Arm Yourself with Information.

Do your own research; they want to keep you ignorant for a reason. The New World Order elite is a tiny minority who wants to control the world. There are billions of us: the moment that we "know" the truth, they will have no more power over us. Information is a powerful weapon if followed up by action.

3) Do Not Believe The Media or Government Propaganda.

All mainstream media is controlled by a handful of corporations owned by the globalists.

Our government is controlled by the same globalist elite of international bankers and mega corporations. Take the time to do your own research to develop your own opinion. Never trust the propaganda.

4) Do Not Watch TV

Hit them in their pocket. Do not pay to watch their propaganda. Imagine what would happen if tomorrow just 1 million dish network or cable subscribers would quit paying for their subscriptions and use the money they saved to buy a rifle, a copy of the US Constitution and Bill of Rights. Empty suits, overpaid liars like O'Reilly, Chris Matthews or Anderson Cooper would have to find a real job.

5) Home School Your Children.

Public Schools are the new indoctrination camps for the new generation of global serfs paid by our extorted tax dollar. Whenever you can, home school your children and starve the beast. Your children deserve better and maybe one day our property taxes will go down.

6) Share the Knowledge.

Once you learn something new about important issues, do not keep it for yourself, but share it with others. Spread truth like an anti-virus to defeat evil. Truth is contagious and once you have been exposed to it, you will never go back to being a slave.

7) Do Not Be Afraid of the Truth, Even When it Hurts.

Yes, the truth can hurt, that's why many people are afraid of it and they will fight you if you try to share it with them. If you encounter such individuals, just move on and do not waste your time with them; more people are waiting and willing to be awakened. When you are exposed to the truth, then you must do something, that's why many people are uncomfortable with it. It is easier to hide their cowardice behind ignorance or arrogance. Most people would rather live in the illusion that everything is great, so they do not have to change their phony comfortable slave world.

8) Do Not comply but Always Resist Anytime You Can.

The spirit of resistance of the individual is more powerful than we can imagine. Civil disobedience is the first step in stopping the New World Order. Showing them our middle finger and not complying with their global agenda is the first step to victory.

9) Create a Microcosm That You Can Control.

We may not be able to defeat the New World Order overnight, but we can control our small world in our families. You can still choose your friends, decide which food to eat or grow, which books to read, the TV that you will not watch, how to spend your money, the politician you will support as well as to keep your spirit of resistance high and the list goes on. The elite

wants to create a global government where collectivism will destroy the individual but we can still create our own sovereign world based on our own individualism.

10) Support Sovereignty and Local Government.

Decentralization is the opposite of global central government.

Starting from your local government, support decentralization of power whenever you can. Do not fall for the trap of surrendering to the idea of becoming a global citizen. It is better to be a free citizen of your own sovereign country who can freely choose where to go around the world than to be a global citizen who is slave to a global central government. Say NO to the United Nations, NO to the North America Union, NO to the European Community and any other globalist fascist illusion.

11) Grow Your Own food. Eat GMO Free and Organic.

The New World Order hates when we are independent. They want us dependent on their system. Food is an important part of how they will control the population and they will use food as a weapon. By controlling productivity and prices they will create scarcity and famine with the goal of reducing the population, but more importantly, do not forget that GMO's are their new bio weapon that have the purpose of sterilizing and enslaving humanity. A patented, toxic genetically engineered seed that you must keep buying from your masters. You do not need to have a farm to grow your own food. Even if you live in a city with few vases and good soil you can start to replace your flowers with organic salad and greens. A little note about meat. I am not telling you to go vegetarian, but unless you want to eat huge doses of estrogen know what type of meat you are eating. Commercial cows now are the new pharmacies on four legs, filled with chemicals, hormones, antibiotics and poisons.

Independent scientists found that genetically modified food causes cancer and unfortunately not all of our organic food comes from naturally pollinated seeds. In the US any GM food need not be labeled and it is estimated that 70% of all food contains bio-engineered elements.

Not only that but geoengineering activists report that as the soil is now unnaturally rich in aluminum due to chemtrails and that biotech companies such as Monsanto have created seeds which are aluminum and drought resistant. Coincidence?

The powerful pull to control and impose uniformity over nature is also working on us and our freedom is at risk. In order to fight for our freedom, we need the will, spiritual impulse or strength to carry out the effort. In the 1920's Steiner said: "This is a problem of nutrition. Nutrition as it is today does not supply the strength necessary for manifesting the spirit in physical life. A bridge can no longer be built from thinking to will and action.

Food plants no longer contain the forces people need for this."

What you can do: AVOID or eliminate white sugar and flour as well as processed food especially in the US as the food there is not labeled clearly.

Eat organic as much as your budget allows. If your budget is limited, concentrate on eating organic dairy and meat which is labeled Non GMO feed. Collect organic, naturally pollinated seeds and create a seed collective in your neighborhood. Fight for food labeling. Get informed and share what you have learned. Act locally, think globally.

12) Reduce or Avoid Chemicals in your food and in cleaning products, cosmetics, toiletries, perfumes etc.

Contribution by, Barbara Craig - babette_art_etc@hotmail.com

If the food, medication or supplement contains food coloring or flavoring do not buy it. Avoid food containers that are made of plastic or tin. Store food in glass containers and avoid microwave ovens which radiate and so deplete the nutritional value of your food. Above all, do not microwave your food in a plastic container.

Artificial food coloring and flavors can be found in children's cereals such as Kellogg's. These and excess sugar have been linked with hyperactive behavior in children.

As these products are also found in medication and supplements I suggest that you read the label of any product before you buy it. Better yet avoid buying food which has a label on it. Aside from the fact that it is virtually impossible to find a place on the planet where we are not doused by EMF or electromagnetic radiation, our homes contain so many chemicals that very often the quality of the air inside is worse than the quality outside. Even furniture that is made of processed wood expels formaldehyde and the list goes on.

13) Say No to Smart meters.

Reduce or Eliminate Your Use of Wireless Technology. I strongly recommend that you get rid of your smart meter and that you do not get one installed.

Yes, this new technology is part of the global control grid. Not only is it a serious health hazard because of the high levels of electromagnetic radiation, but it also creates a completely invasive spy system which records every activity in your home. Inform yourself, share the information, know your rights, join other like minded neighbors and say NO!

14) Be Aware of What You Are Drinking.

Be aware of fluoride in the water; aspartame and corn syrup in your sodas.

Fluoride was created by NAZI scientists to subdue the prisoners in the concentration camps. Not only does fluoride reduce your IQ, it's toxic and it has been shown to be connected to bone cancer and other diseases. The presence of fluoride on the nation's water supply is likely to potentiate the heavy metals, biologicals and other toxins as an increasingly toxic brew."

Dr. Mercola wrote "Despite the evidence against it, fluoride is still added to 70 percent of U.S. public drinking water supplies."

Aspartame is toxic and it is connected to many diseases like cancer, lupus, depression and the list goes on. Sodas like Coke or Pepsi are just dirty water with corn syrup that will make you fat and diabetic while making wealthy the same masters who want you enslaved. Just learn to say no, save money, and stay healthy.

15) SAY NO to Vaccines.

The globalists are so obsessed with vaccines that arrogant bastards like Bill Gates tell us to our face that they are using it to control the population. Unless you like to being filled with mercury and many other poisons, do not take them. Get informed: Why do vaccine manufacturers have immunity from liability if their product is so good? Why are governments around the world trying to make them mandatory? Why has the number of autistic infants skyrocketed since the recent introduction of these new massive vaccinations? Evidence shows that we are systematically being experimented on without our consent and most importantly our lives and health are at risk. The worst part is that most of the population is defending the perpetrators, denying the evidence and attacking the messengers.

There are reports of doctors who speak out about the dangers of vaccine going missing or dying unexpectedly.

Vaccines may have originally been a great idea but with their current ingredients of monosodium L-glutamate, aluminum, formaldehyde which is known to cause cancer and mercury (thermisol), I would stay away from them unless really necessary.

16) Stay Away From both Legal and Illegal Drugs.

“A sick population cannot fight a revolution; it cannot fight for freedom but it will remain dependent on the same system which is keeping it in bondage”

Luca Zanna

They want you dumb and sick. Most pharmaceuticals just suppress the symptoms and don't cure the cause of the illness. I am not a doctor, and I am not here to give you medical advice but you do not need to be one to see what chemical drugs really do to you and to understand the corruption of the FDA controlled by big pharma's mafia.

“The American FDA states that licensed medicines are the number 4 killer of mankind and that 100,000 Americans die every year as a result.”

An organization in the UK is trying to fight the MHRA (the equivalent of the FDA in the US) which “protects the monopolies of the billion dollar pharmaceuticals who charge, an estimated £40,000 for a round of chemo “therapy”, and ruthlessly close down inexpensive, effective treatments wherever it can. About illegal drugs: if you use them you are giving power to the system that will put you under their control and completely destroy your rights. If you can, stay clean: if you are all drugged up, you can't fight tyranny clearly. The elite have openly said they want to reduce the world population by 95%. They are dead serious.

Google these Keywords: GMO, Vaccines, Fluoride, Aspartame, Chemtrails, MSG, BPA, Estrogen in meat, Corn Syrup, J Holdren, Eco-science, CODEX ALIMENTARIUS, death panels, Psychiatric Drugs side effects, Agenda 21, Bill Gates Population control...

WAKE UP; there is a silent war on humanity!

Stay healthy so you can live better and fight back.

17) Find Your Faith.

The New World Order wants to establish one world religion, destroy the family, destroy the individual and the final God they want you to submit is the state (of course they also worship Lucifer). I am not telling you what to believe in, that's your personal call, but to find the strength that we will need to endure this struggle; we need something that materialistic things sometimes cannot provide: Faith.

18) Try to Be a Decent Person.

The New World Order feeds on the weaknesses of humanity.

The global elite can recruit their minions only if they are willing to submit to evil.

To become pawns for their agenda, they will tempt you with wealth, sex, drugs, power and all earthly possessions.

We are all human (at least most of us, I am not sure about them), and therefore we are corruptible. It is our duty to be decent people believing in the power of positive action and decent values based on good and the best part of our humanity. There is a spiritual battle between good and evil currently taking place in this physical dimension.

19) Love Life, Love Your Neighbor, Have Fun.

We need to love life. We need to love, period. They want us miserable and full of hate as they feast on fear and hate. Loving life and creating good things is the antithesis of their destructive agenda. We need to have fun, especially now under these circumstances. Do not get me wrong, I wish we didn't have to face these globalist parasites. Since we don't have a choice, and this task will take up a big part of our lives, let's try to have some fun and share quality time with other like minded people who have committed themselves to exposing and defeating the New World Order. Resistance is never futile! Resistance to tyranny is a duty and a pleasure.

20) Keep an Open Mind.

We were all ignorant at some point, ignorance can be fixed, but for arrogance there is no hope. Always have an open mind, do not be an arrogant know it all if somebody is trying to talk to you about some new ideas or theories. I am not saying that you must believe everything you are told, but always keep an open mind. This gives you the ability to continue learning and to re-evaluate apparent truths that are given as dogma through the propaganda in the media.

21) Find Each Other.

Fighting and learning about the New World Order can be overwhelming and stressful. Once you are awake it is very difficult to go back and even share a beer with somebody who still refuses to at least learn about this reality. This world can be a lonely place unless you start to find like minded people who are aware or at least willing to learn about what is currently happening on our planet. A good way to start to meet like minded people is to start to wear t-shirts or hats so people can understand who you are; or start to network on special interest groups on the internet such as Gianluca's dating and networking site www.FreedomLovers.US It is 100% FREE and it is open to anybody who believes in Freedom and Individual Rights.

22) Go Rural, Go Wild.

If you can, consider moving to a rural area. One of the goals of the globalists is to confine us in mega cities so they can control every aspect of our life, like a herd of cows packed in a corral. That's one of the plans of Agenda 21. Now more than ever it is time to move to rural areas. Go find open spaces away from their regulatory control of ordinances, and unconstitutional bureaucratic parasitic regulations. Nobody should tell you what color you can paint your home or how tall your grass should be. Go live wild, live free, live better.

23) Buy a Rifle, Train and Don't Forget the Ammunition.

I am not advocating violence, but I refuse to be a slave. During the American Revolution as captain Parker said to his men in April 19 1775 "Stand your ground. Don't fire unless fired upon, but if they mean to have a war, let it begin here." We better be ready, because they will resort to violence to enforce their plans. Now it is time to stand up as a free human being. We need a nation of riflemen and riflewomen. Forget shotguns or handguns.

Those are for personal defense. To defend freedom you need rifles, training and plenty

ammo. Yes, training is essential. This is not a hobby or a sport. It is about our survival, our dignity as free human beings, our freedom and that of future generations.

Slaves, are never armed. I am not a slave.

24) Get off the Grid if You Can.

If you can, create an off the grid home for yourself and family. In some states like Florida it can be very difficult and even illegal to be off grid. That's their new global plantation model. They want us dependent on the system. If you can, relocate to a place where you can still build your off grid home. Not only will you experience a sense of freedom but you will save on energy costs that will be skyrocketing in the near future thanks to the new carbon tax that will be imposed on us without our consent. Every electric bill will be inflated by extra taxes, as will fuel and energy for heating. Get you own septic tank and create your own energy system through the use of solar and wind generators. Be as independent as you can afford.

The Keshe foundation has invented several energy devices even one that will power your car. Let us know how it works out. Here are the links for those with the technical know-how:

<http://www.keshefoundation.org/>

25) Support Small Businesses and Your Local Farmers.

Know where your Food Coming From. If you can, try to support local small businesses that really create a real free market through competition against the monopoly of mega corporations controlled mostly by the same New World Order elite who wants to rule us.

27) Do not Follow Political Parties, They Are All Controlled.

Support candidates who believe in freedom and oppose globalism. Political parties have been created to “conquer and divide”. Like it or not the globalists control both parties.

You can clearly see that there is not much difference in their agenda when comes down to the important issues. It does not really make a difference whether they are Democrats or Republicans. It is just an illusion to make you believe that you are still free to choose and vote.

Goethe once said: “None are more hopelessly enslaved than those who falsely believe they are free.” However, I still believe that we have to be politically involved and be part of the system in order to create positive change.

So, regardless which political party you decide to join, never follow blindly, but follow your heart and the principles of freedom.

Do not be afraid to expose the paid trolls of the New World Order in your party.

(Bk. II, Ch. 5; source: Die Wahlverwandtschaften, Hamburger Ausgabe, Bd. 6 (Romane und Novellen I), dtv Verlag, München, 1982, p. 397 (II.5))

28) Pay Cash.

Remember, one of the New World Order's goals is to create a cashless society, so they can control the way you can support yourself and your family and whether you comply with their agenda and their regulations. It is time now to create an underground economy based on barter system, precious metals and cash. Unless you need credit cards for tax or business purposes, try to use cash as much as you can and don't forget to barter services or goods.

29) Get Out of Debt. Debt is slavery.

The Private Central banks that control the world's governments are based on the principle of slave/master relationship. Governments are slaves to the central banks like the private Federal Reserve because they have given them the sovereign power to issue their currency.

Every dollar that is issued will be paid back with interest.

Our labor is the collateral to pay back the interest of every dollar the government will spend.

We may not be able to change that for now, but we can try to get out of personal debt so we do not need the banks, even the local ones. When the economy gets worse, it will be even harder to get out of debt. Live within your means. Pay cash, pay off your credit card, but even better don't use credit cards at all. "It is not how much you make, but how much you do not spend", my grandfather used to say.

30) Diversify Your Personal Assets: Gold, Silver and Lead.

Diversify your personal assets and do not keep all your money in the bank or in the stock market. I am not trying to give you financial advice; I am just sharing what I believe is already here: a financial Armageddon.

Check the small print in the contract of your bank account. There may be a section where it says you are giving over control and ownership of deposited funds.

This will be in the small print of the contract signed when the account was originally opened.

There are a number of banks owned and operated by the Rothschild family worldwide.

If you have an account with one of these banks, close it.

If you keep all your money in your bank, not only will your money lose value with inflation but you will also be feeding the banksters' ponzi scheme called "fractional reserve system".

The US dollar is not backed by gold or silver anymore; it is just monopoly paper money based on debt with a private central bank called "Federal Reserve". The stock market is like a casino roulette scam where you really have no control, and even though you may make a profit, is it really worth the stress and the risks to have your retirement in the hands of few insiders?

Starve the beast, and start to invest in gold, silver and lead. When I mean lead, I mean buy ammunition, as it will become a great commodity when will be overtaxed and banned.

<http://cloakedtruth.com/complete-list-of-banks-owned-the-rothschilds/>

31) Do Not Be Afraid.

Wolves exist because of sheep. The New World Order has power because of our fears.

The moment that we fear our death is the moment we become slaves of our own oppressors, afraid of our own shadows. When we understand that one day we all going to die, no matter

what, the next question should be: How am I going to live my life? As a slave or as a free human being? The moment that we are not afraid anymore to stand for our rights and dignity, it will be the moment that we are really free.

32) Do Not Join the Military but Join your Local Militia.

I am sorry to inform you that our military in the United States, and in Europe under NATO, is not serving America's or your country's interests. National security is in the hands of the New World Order global police. I wish it was not true, but those are the facts. When you join what used to be the US Armed Forces, you become a soldier under the United Nations command.

If you do not believe me, just research "Army specialist Michael New" or read his book "Michael New: Mercenary or American Soldier? www.mikenew.com

Alternatively, you could listen to one of the main New World Order upper managers, war criminal: Henry Kissinger: "Military Men Are Just Dumb, Stupid Animals To Be Used As Pawns In Foreign Policy". Do not forget that when you sign up, the government will have complete control over which vaccines will be experimented on you.

Sadly, even the National Guard is now under Federal control of the President, and it has been deployed to defend the borders... of IRAQ and Afghanistan!

My humble suggestion, if you want to defend America or your Country: join or start a local militia.

33) Do not Support Unconstitutional Wars.

United States Marine Corps Major General and two time Medal of Honor recipient Smedley D. Butler wrote a very important book: "War is a racket", and I agree with him, wars are evil and most of the time are created to hide the failures of our politicians and to increase the profits of corporations and central banks. Even worse, as wars have not been declared by congress in the last 60 years, that is since the Korean War, these are unconstitutional wars with the only purpose of serving the New World Order and its agenda. Former Secretary Defense Leo Panetta said "international permission from the UN to launch wars trumps the authority of Congress".

Need I say more? When the propaganda machine tries to sell you a war without the declaration of Congress, remember,

only "Congress shall have Power To ...declare War" Article I, Section 8, Clause 11.

34) Learn about False Flags.

A false flag is a covert operation designed to deceive in such a way that the operation appears as though it has being carried out by entities, groups, or nations other than those who actually planned and executed them. A typical example of false flag is "Operation Northwood": as admitted by the U.S. government. Recently declassified documents show that in 1962, the American Joint Chiefs of Staff signed off on a plan to blow up AMERICAN airplanes (using an elaborate plan involving the switching of airplanes), and also to commit terrorist acts on American soil, and then to blame it on the Cubans in order to justify an invasion of Cuba.

9/11 in 2001 was another false flag operation intended to justify the endless unconstitutional

wars in Iraq and Afghanistan and to create a police state on American soil with the destruction of our Bill of Rights. Previous false flags include the Oklahoma City bombing of 1995, and the Gulf of Tonkin incident in 1964 created as a false justification for the Vietnam war.

The New World Order uses false flags to manipulate the masses into submitting to their agenda, following the Hegelian dialectic of Problem – Reaction – Solution.

Once you understand this concept you will be able to see through their deception and not buy into their preplanned solutions to the crisis that they themselves have created.

“The easiest way to gain control of a population is to carry out acts of terror. [The public] will clamor for such laws if their personal security is threatened”.– Josef Stalin

35) Be Wary of Organized Religion.

I am not telling you not go to church or what you should or not should believe in, that's none of my business. My only warning is to let you know that most organized churches that have the 501c tax exempt status are under the control of the government and they will be used under martial law to control the “flock”. Please google “Clergy response team under the control of FEMA”. Be aware that throughout history the church has been used to brainwash humanity and now it will be used to create compliance to the elite’s agenda the of distorting and abusing the message of God. Just be careful and use your critical thinking when another human being who happens to be speaking from an altar, tells what to do.

Religion has been used and abused to create wars and division. Religion is not God.

36) Know Your Enemy.

The real elite of the New World Order have no faces and rarely will we know their real names. They operate in secrecy but they control governments through their central banks and multinational corporations. Here are just some of the names of organizations and individuals who are taking part in promoting or creating this global government.

Some of the US Presidents here mentioned are just mere low level puppets. Please email me your input if you have more names to add to this list zanna@zanna.us

The British Crown, Council of 13, the Rothschilds, Bruce, Cavendish, De Medici, Hanover, Hapsburg, Krupp, Plantagenet, Rockefeller, Romanov, Sinclair (St. Clair), Warburg, Windsor, Committee of 300 (these families include such notable names as Agnelli, Balliol, Beale, Bell, Bouvier, Bush, Cameron, Campbell, Carnegie, Carrington, Coolidge, Delano, Douglas, Ford, Gardner, Graham, Hamilton, Harriman, Heinz, Kuhn, Lindsay, Loeb, Mellon, Montgomery, Morgan, Norman, Oppenheimer, Rhodes, Roosevelt, Russell, Savoy, Schiff, Seton, Spencer, Stewart/Stuart, Taft, and Wilson and many others), United Nations, Council of Foreign Relations, Trilateral Commission, Club of Rome, Bilderberg group, Royal institute of International Affairs, Skull and Bones, Central Banks (like the private Federal Reserve), IMF (International Monetary Fund), Bank International for Settlements, World Bank, Kissinger, the Rockefellers, Bill Gates, George Soros. Lower levels members of the elite are politicians like the Bush family, the Clintons, Barack Hussein Obama, Joe Biden, Al Gore...

“I think that his [Obama’s] task will be to develop an overall strategy for America in this period, when really a New World Order can be created.”
Henry Kissinger, CNBC 2008

“In the next century, nations as we know it will be obsolete; all states will recognize a single, global authority. National sovereignty wasn’t such a great idea after all.”
Strobe Talbot, Deputy Secretary of State, TIME, July 1992

“Lucifer comes to give us the final ... Luciferic initiation ... that many people now and in the days ahead, will be facing—for it is an initiation into the New Age. ... No one will enter the New World Order unless he or she will make a pledge to worship Lucifer. No one will enter the New Age unless he will take a Luciferian initiation.”

“Undersecretary of State Sumner Welles tonight called for the early creation of an international organization of anti-Axis nations to control the world during the period between the armistice at the end of the present war and the setting up of a new world order on a permanent basis.”
Philadelphia Inquirer, June 1942

“And he causeth all, both small and great, rich and poor, free and bond, to receive a mark in their right hand, or in their foreheads: And that no man might buy or sell, save he that had the mark, or the name of the beast, or the number of his name. Here is wisdom. Let him that hath understanding count the number of the beast: for it is the number of a man; and his number is Six hundred threescore and six.” - Revelation 13:16-18

“We are on the verge of a global transformation. All we need is the right major crisis and the nations will accept the New World Order.”
David Rockefeller, NWO Banker

“We have before us the opportunity to forge, for ourselves and for future generations, a New World Order. A world where the rule of law, not the law of the jungle, rules all nations. When we are successful—and we will be—we have a real chance at this New World Order. An order in which a credible United Nations can use its peacekeeping forces to fulfill the promise and vision of its founders.”
George H.W. Bush, March 21, 1991

“One of the least understood strategies of the world revolution now moving rapidly toward its goal is the use of mind control as a major means of obtaining the consent of the people who will be subjects of the New World Order.”

K.M. Heaton, National Educator Henry Kissinger

“Today, America would be outraged if U.N. troops entered Los Angeles to restore order. Tomorrow they will be grateful! This is especially true if they were told that there were an outside threat from beyond, whether real or promulgated, that threatened our very existence. It is then that all peoples of the world will plead to deliver them from this evil. The one thing every man fears is the unknown. When presented with this scenario, individual rights will be willingly relinquished for the guarantee of their well-being granted to them by the World Government.”

Dr. Henry Kissinger, Evians, France, 1991

“The New Deal is plainly an attempt to achieve a working socialism and avert a social collapse in America; it is extraordinarily parallel to the successive ‘policies’ and ‘Plans’ of the Russian experiment. Americans shirk the word ‘socialism’, but what else can one call it?”

H.G. Wells The New World Order 1939

“We are not going to achieve a new world order without paying for it in blood as well as in words and money.” —Arthur M. Schlesinger, Jr., historian, special assistant to John F. Kennedy

“We shall have World Government, whether or not we like it. The only question is whether World Government will be achieved by consent or conquest.”

James Paul Warburg

[son of Paul Warburg, the author of the Federal Reserve Act] February 7, 1950

“In short, the ‘house of world order’ will have to be built from the bottom up rather than from the top down. It will look like a great ‘booming, buzzing confusion,’ to use William James’ famous description of reality, but an end run around national sovereignty, eroding it piece by piece, will accomplish much more than the old-fashioned frontal assault.”

Richard N. Gardner, former deputy assistant Secretary of State for International Organizations under Kennedy and Johnson, and a member of the Trilateral Commission, wrote this in the April, 1974 issue of the Council on Foreign Relations (CFR) journal Foreign Affairs (pg. 558)

“Today the path of total dictatorship in the United States can be laid by strictly legal means, unseen and unheard by the Congress, the President, or the people. Outwardly we have a Constitutional government. We have operating within our government and political system, another body representing another form of government – a bureaucratic elite.”

Senator William Jenner, 1954

“We must believe that it is the darkest before the dawn of a beautiful new world. We will see it when we believe it.” Saul Alinsky, author, Rules for Radicals [mentor of Hillary Clinton and Barack Obama]

“The New World Order that will answer economic, military, and political problems, he said, ‘urgently requires, I believe, that the United States take the leadership among all free peoples to make the underlying concepts and aspirations of national sovereignty truly meaningful through the federal approach.’” Nelson Rockefeller, New York Times, February 1962

“The real truth of the matter is, as you and I know, that a financial element in the larger centers has owned the Government ever since the days of Andrew Jackson.”

Franklin D. Roosevelt, letter to Col. House, November 21, 1933

“If the United Nations once admits that international disputes can be settled by using force, then we will have destroyed the foundation of the organization and our best hope of establishing a world order.”

Dwight D. Eisenhower

“Our job is to give people not what they want, but what we decide they ought to have.”

Richard Salant, former president, CBS News

“The United Nations,” he told an audience at Harvard University, “has not been able–nor can it be able–to shape a New World Order which events so compellingly demand.”

Nelson Rockefeller, unelected VP of the USA

“...all of us here at the policy-making level have had experience with directives... from the White House.... The substance of them is that we shall use our grant-making power so as to alter our life in the United States that we can be comfortably merged with the Soviet Union.”

H. Rowan Gaither, Jr., President – Ford Foundation (told to Norman Dodd, Congressional Reese Commission 1954)

“Our new world rests on order. The danger is disorder. And in today’s world, it can now spread like contagion.”

Tony Blair

“There will never be a New World Order until women are a part of it.”

Alice Paul

“I have long believed this interdependence defines the new world we live in.”

Tony Blair

“We are grateful to the Washington Post, The New York Times, Time Magazine and other great publications whose directors have attended our meetings and respected their promises of discretion for almost forty years. It would have been impossible for us to develop our plan for the world if we had been subjected to the lights of publicity during those years. But, the world is now more sophisticated and prepared to march towards a world government. The supranational sovereignty of an intellectual elite and world bankers is surely preferable to the national auto-determination practiced in past centuries.” -David Rockefeller, Baden-Baden, Germany 1991

“The powers of financial capitalism had another far-reaching aim, nothing less than to create a world system of financial control in private hands able to dominate the political system of each country and the economy of the world as a whole.”

Carroll Quigley, Tragedy and Hope: A History of the World in Our Time, 1966

“Countless people will hate the New World Order and will die protesting against it.”

H.G. Wells, The New World Order, 1939

“The New World Order cannot happen without U.S. participation, as we are the single most significant component. Yes, there will be a New World Order, and it will force the United States to change its perceptions.”

-Dr. Henry Kissinger, World Action Council, April 19, 1994

“By the end of this decade we will live under the first One World Government that has ever existed in the society of nations... a government with absolute authority to decide the basic issues of survival. One world government is inevitable.”

Karol Wojtyla (Pope John Paul II)

“Some of the biggest men in the United States, in the field of commerce and manufacture, are afraid of something. They know that there is a power somewhere so organized, so subtle, so watchful, so interlocked, so complete, so pervasive, that they had better not speak above their breath when they speak in condemnation of it.”

Woodrow Wilson

“All of us will ultimately be judged on the effort we have contributed to building a NEW WORLD ORDER.”

-Robert Kennedy, presidential candidate and US Attorney General, 1967

“The peace conference has assembled. “Fundamental Bible-believing people do not have the right to indoctrinate their children in their religious beliefs because we, the state, are preparing them for the year 2000, when America will be part of a one-world global society and their children will not fit in.”

Nebraska State Sen. Peter Hoagland, radio interview, 1983.

“The old world order changed when this war-storm broke. The old international order passed away as suddenly, as unexpectedly, and as completely as if it had been wiped out by a gigantic flood, by a great tempest, or by a volcanic eruption. The old world order died with the setting of that day’s sun and a new world order is being born while I speak, with birth-pangs so terrible that it seems almost incredible that life could come out of such fearful suffering and such overwhelming sorrow.” -Nicholas Murray Butler, Union League of Philadelphia, Nov. 27, 1915

“What is being arranged in Washington these days is really a gigantic experiment in internationalism. We are witnessing the creation of a supranational control of the world’s necessities. The old notions of sovereignty no longer govern the facts. We have entered upon another phase of political unification, a phase greater in its methods to the formation of national states in the nineteenth century. This is the birth of the League of Nations.”

“New World Order Pledged to Jews,” New York Times, October 1940

“The statement went on to say that the spiritual teachings of religion must become the foundation for the new world order and that national sovereignty must be subordinate to the higher moral law of God.” - American Institute of Judaism, New York Times, December 1942

The “New World Order that is in the making must focus on the creation of a world of democracy, peace and prosperity for all.” - Nelson Mandela, Philadelphia Inquirer, October 1994

Hosni Mubarak, Egyptian president, New York Times, April 1995

“I would support a Presidential candidate who pledged to take the following steps: ... At the end of the war in the Persian Gulf, press for a comprehensive Middle East settlement and for a ‘new world order’ based not on Pax Americana but on peace through law with a stronger U.N. and World Court.”

George McGovern, Democratic presidential candidate, New York Times, February 1991

“The Council on Foreign Relations (CFR) is dedicated to one-world government, financed by a number of the largest tax exempt foundation (i.e. Rockefeller), and wielding such power and influence over our lives in the areas of finance, business, labor, military, education, and mass communication media, that it should be familiar to every American concerned with good government and with preserving and defending the US Constitution and our free-enterprise system. Yet, the nation’s right-to-know machinery, the news media; usually so aggressive in exposures to inform our people, remain silent when it comes to the CFR, its members and their activities. The CFR is the establishment. Not only does it have influence and power in key decision-making positions at the highest levels of government to apply pressure from above, but it also finances and uses individuals and groups to bring pressure from below, to justify the high level decisions for converting the US from a sovereign Republic into a servile member of a one-world dictatorship.” -Rep. John R. Rarick (D-LA)

“We can see beyond the present shadows of war in the Middle East to a new world order where the strong work together to deter and stop aggression. This was precisely Franklin Roosevelt’s and Winston Churchill’s vision for peace for the post-war period.”

Richard Gephardt, Dem. presidential candidate, Wall Street Journal, September 1990

“My country’s history, Mr. President, tells us that it is possible to fashion unity while cherishing diversity, that common action is possible despite the variety of races, interests, and beliefs we see here in this chamber. Progress and peace and justice are attainable. So we say to all peoples and governments: Let us fashion together a new world order.”

Dr. Henry Kissinger, address to UN General Assembly, October 1975

“Some even believe we are a part of a secret cabal working against the best interests of the United States, characterizing my family and me as ‘internationalists’ and of conspiring with others around the world to build a more integrated global political and economic structure – one world, if you will. If that’s the charge, I stand guilty and I am proud of it.”

David Rockefeller, Memoirs.

“The interests behind the Bush administration, such as the CFR, the Trilateral Commission – founded by Brzezinski for David Rockefeller – and the Bilderberg Group have prepared for and are now moving to implement open world dictatorship within the next five years.”

Dr. Johannes Koeppel, Former German Ministry for Defence official and advisor to NATO

Arnold Toynbee, speech before the Institute for the Study of International Affairs in Copenhagen, June 1931

“To achieve world government, it is necessary to remove from the minds of men, their individualism, loyalty to family traditions, national patriotism and religious dogmas.”

G. Brock Chisholm, co-founder of the World Federation for Mental Health, former director of UN World Health Organization

“Big Brother in the form of an increasingly powerful government and in an increasingly powerful private sector will pile the records high with reasons why privacy should give way to national security, to law and order, to efficiency of operation, to scientific advancement and the like.” - William O. Douglas U. S. Supreme Court Justice

“The real menace of our republic is this invisible government which like a giant octopus sprawls its slimy length over city, state and nation. Like the octopus of real life, it operates under cover of a self created screen....At the head of this octopus are the Rockefeller Standard Oil interests and a small group of powerful banking houses generally referred to as international bankers. The little coterie of powerful international bankers virtually run the United States government for their own selfish purposes. They practically control both political parties.”

John F. Hylan, NYC Mayor, 1922

“The governments of the present day have to deal not merely with other governments, with emperors, kings and ministers, but also with the secret societies which have everywhere their unscrupulous agents, and can at the last moment upset all the governments’ plans. “

Benjamin Disraeli, first Prime Minister of England, Coningsby, the New Generation

“The real rulers in Washington are invisible, and exercise power from behind the scenes.”

Felix Frankfurter, Supreme Court Justice, 1952

“A world government can intervene militarily in the internal affairs of any nation when it disapproves of their activities.” -Kofi Annan, U.N. Secretary General

“The idea was that those who direct the overall conspiracy could use the differences in those two so-called ideologies [marxism/fascism/socialism v. democracy/capitalism] to enable them [the Illuminati] to divide larger and larger portions of the human race into opposing camps so that they could be armed and then brainwashed into fighting and destroying each other.”

Myron Fagan

“The world is governed by very different personages from what is imagined by those who are not behind the scenes.”

Walter Rathenau, head of German General Electric, 1909

Rathenau was Prime Minister of Germany until he was assassinated in 1922

“There does exist, and has existed for a generation, an international Anglophile network which operates, to some extent, in the way the radical Right believes the Communists act. In fact, this network, which we may identify as the Round Table Groups, has no aversion to cooperating with the Communists, or any other groups, and frequently does so. I know of the operations of this network because I have studied it for twenty years and was permitted for two years, in the early 1960’s, to examine its papers and secret records. I have no aversion to it or to most of its aims and have, for much of my life, been close to it and to many of its instruments...my chief difference of opinion is that it wishes to remain unknown, and I believe its role in history is significant enough to be known...because the American branch of this organization (sometimes called the “Eastern Establishment”) has played a very significant role in the history of the United States in the last generation.”

–Dr. Carroll Quigley, a professor of history at the Foreign Service School of Georgetown University. Dr. Quigley was Bill Clinton’s mentor while he was at Georgetown University

“We are the tools and vassals of rich men behind the scenes. We are the jumping jacks, they pull the strings and we dance. Our talents, our possibilities and our lives are all the property of other men. We are intellectual prostitutes.”

“If the New World Order agenda is not realized by the terrorist attacks on America and if American’s don’t agree to give up their weapons and relinquish their sovereignty to the New World Order, the next attack will be the use of chemical, biological and/or atomic warfare against the American people. The architects of the New World Order will not hesitate to use as a last resort an atomic or hydrogen bomb in a major American city.”

“There seems to be nothing to prevent the transnational corporations taking possession of the planet and subjecting humanity to the dictatorship of capital.... In order to crush any thought of organized resistance to the supporters of the new world order, tremendous police and military forces are being used to establish a doctrine of repression...”

“We have undertaken a new order of things; yet we progress to it under the framework and in the spirit and intent of the American Constitution. We have proceeded throughout the Nation a measurable distance on the road toward this new order.”

“There exists a shadowy government, with its own Air Force, its own Navy, its own fundraising mechanism, and the ability to pursue its own ideas of national interest, free from all the checks and balances, and free from the law itself.”

“The truth of the matter is that you do have those standby provisions, and the statutory emergency plans are there whereby you could, in the name of stopping terrorism, apprehend, invoke the military, and arrest Americans and hold them in detention camps.”

George HW Bush, 1992

"From the days of Spartacus, Weishaupt, Karl Marx, Trotski, Belacoon, Rosa Luxenberg and Ema Goldman, this world conspiracy has been steadily growing. This conspiracy played a definite recognizable role in the French Revolution. It has been the mainspring of every subversive movement during the 19th century. And now at last, this band of extraordinary personalities from the under- world of the great cities of Europe and America have gripped the Russian people by the hair of their head and have become the undisputed masters of that enormous empire."

The Impact of Science on Society by Fabian Socialist Bertrand Russell is published in which he declares: " I think the subject which will be of most importance politically is mass psychology... Various results will soon be arrived at: that the influence of home is obstructive although this science will be diligently studied, it will be rigidly confined to the governing class. The populace will not be allowed to know how its convictions were generated. When the technique has been perfected, every government that has been in charge of education for a generation will be able to control its subjects securely without the need of armies or policemen.... Educational propaganda, with government help, could achieve this result in a generation. There are, however, two powerful forces opposed to such a policy: one is religion; the other is nationalism....
A scientific world society cannot be stable unless there is a world government.
1953 Bertrand Russell

With No Apologies: Memoirs of United States Senator Barry M. Goldwater

"I believe the Council on Foreign Relations and its ancillary elitist groups are indifferent to communism. They have no ideological anchors. In their pursuit of a new world order they are prepared to deal without prejudice with a communist state, a socialist state, a democratic state, monarchy, oligarchy—it's all the same to them".

Rear Admiral Chester Ward, USN (Retd.), who was a member of the CFR for sixteen years wrote: "The most powerful clique in these elitist groups have one objective in common—they want to bring about the surrender of the sovereignty and the national independence of the United States." Their goal is to impose a benign stability on the quarreling family of nations through the merger and consolidation. They see the elimination of national boundaries, the suppression of racial and ethnic loyalties as the most expeditious avenue to world peace. Their rationale rests exclusively on materialism. They believe economic competition is the root cause of international tension. This approach dismisses as insignificant the form of government or the political ideology expressed by that form.
